Happy New Year!
by Stephanie Swenson, Chamber President
GreatLife Golf & Fitness

Happy 2016 and get ready for another fantastic year at the De Soto Chamber of Commerce. I am extremely honored to serve as your Chamber President.

I understand that each and every business has options for marketing and promotion of their business. I am a firm believer that this should start with the De Soto Chamber of Commerce. Clients know about your business than the Chamber. Whether it is through the Membership Directory, meet potential clients and long-lasting friends at monthly luncheons or networking events, there is a wide variety of options out there to let people know De Soto is a place to live, work and play.

I am extremely honored to have a great group of Executive Members this year which includes: Julie Coover American Family Insurance, Julie Coover Agency, Diane Redford, Huhtamaki Americas, Inc., and Anton Topf, Topf = business. Chamber President get away that easily. Mike Rogers with Mike @ will return as the Past President.

I am asking each and every member to take a moment to think about what your expectations are for your Chamber and put them to action. Last year, the Board created Committees which focus on efforts such as membership, Fundraising, Networking, Finance, Business Recognition, New Members and more. These committees will have direct focus on their particular interests. I urge you to consider signing up for a Committee to provide insight and guidance on how we can make the Chamber even better for you, our valued member.

For more information on the Committees, contact Julie Coover at 913-831-219 jcoover@amfam.com or Sara Ritter at 913-831-585 sritter@desotoks.org. This is your chance to get involved and keep your Chamber strong. See you on January 22nd.

From the Director's Corner
by Sara Ritter, IOM, Executive Director

It is my hope that we will continue to keep that word going in 2016 as we build on what the 2015 De Soto Chamber of Commerce and Economic Development Council accomplished. I am very excited with all of the new ideas and programs that were put into place that we will keep moving forward this year. The Boards have been working very hard to increase services for you, our valued member, and encourage you to take a look at the new opportunities.

The Annual Membership Dinner will be here before you know it! Again, I am energized at the outstanding work the group has done assembling fun and entertainment for our members. Many annual meetings center around reflection and looking forward. Our meeting will include this as well; however, we have had a longstanding commitment to use the meeting as a way to thank members and give them a night of camaraderie and entertainment.

Yes, the annual membership meeting is about fun, entertainment and reflection but it is also much more than that. This is our opportunity to share the accomplishments of the Chamber, give you the opportunity to network with some of the local businesses in the area and promote your business. This will be the event of the year and I hope you have had a chance to review the election invitation that was sent to you last month. If you have issues opening the invitation or would like me to send it to you, please let me know.

Economic development activities are at a rapid pace already in 2016. David and I are actively meeting with developers and interested parties who are looking at De Soto for potential locations. One of the current priorities for the EDC this year is housing as the demand for housing in De Soto is at an all-time high.

The EDC Quarterly meetings promise to be informative and substantial, so I invite you to join the EDC and take advantage of the updates and be a proactive participant in our economic development efforts.

Thank you and get ready to be energized in 2016!

Webphibian Merges with Strategy LLC

Webphibian is merging with Strategy LLC, a local marketing and technology firm. Together we will continue to provide the same excellent website design, development, digital marketing services. And now you'll also have access to a full range of marketing and technology solutions. Strategy provides.

Here's some information we hope will be useful as we begin our new partnership.

- < Communication: I'll continue to be your primary point of contact but will look forward to introducing you to the Strategy team. Call me at 913.461.6909 or joel.johns@strategynewmedia.com
- < Hosting: There won't be any change to your website hosting, your website will remain on the same servers as are using today.
- < Support: Have a question, need a website edit, or help with an issue? Call us anytime for support at 913.461.787.
- < Rates: Rates for monthly services will stay the same through December 2016.
- < New Services: Strategy provides traditional and digital marketing, web design and development, branding and design services, and technology services.

I'm grateful for the chance to serve you and I look forward to this new partnership with Strategy. If you have questions about the merger or would like to talk about improving your Search Engine Optimization (SEO) or a mobile update to your site, getting help with your IT support or another project, we're here for you! Together, we can help you build your business, connect with prospective clients, and better engage with customers.

Sincerely,
Joel Johns

City of De Soto Update

by Cynthia Wagner, City Administrator

Each new year brings new opportunities and new challenges. 2015 was a good year for the City of De Soto and we hope 2016 will be the same. There will be many opportunities later to do a full recap of 2015. I do want to take a moment to let you be aware of some news that affects water customers within the City.

Last Summer, De Soto issued \$3.2 Million in bonds to fund a water treatment plant facility. This project will take place over the next 18 months and involves the construction of a new water treatment system at the water treatment plant facility. This is the first phase in a \$7.5 Million plan which began in 2010 to renovate the water treatment plant, well field, and portions of the distribution system. To date, the City has implemented approximately \$2.5 Million in system improvements. It is estimated that an additional \$1.8 million will be needed to complete the renovations after the current phase is complete.

Early in the process, the Council elected to implement the project in phases over a number of years so we could assess the debt burden would impact the rate payers in the system. After careful study of the water fund last fall, the City Council will increase water service charges by an average of 10% in 2016 to meet the debt obligations. This rate increase will likely be followed by an additional increase in 2017, which is currently estimated at 8%. A full copy of the utility rate study is available for viewing at www.desotoks.us/announcements.html

For 2016, several different rate structure scenarios were considered, each of which would produce the necessary increase in revenues from water service charges. In the end, the Council elected a rate structure increase that attempts to equalize the burden among all the water customers. The table below shows the existing and proposed water rates and examples of monthly water bills. The new water rates will take effect January 1, 2016.

City of De Soto Update, Continued

Rate Structure

Usage From (Gallons)	Usage To (Gallons)	Existing Rate Structure	2016 Rate Structure
0	1500	\$19.27	\$22.00
1501	4500	\$6.06 per 1000 gal	\$7.20 per 1000 gal
4501	8500	\$7.43 per 1000 gal	\$7.85 per 1000 gal
8501	1000000	\$8.05 per 1000 gal	\$8.70 per 1000 gal

Monthly Water Bill Examples

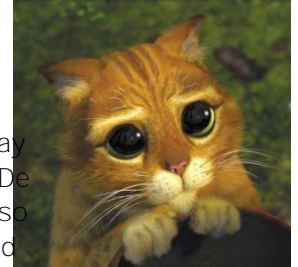

Monthly Water Use (Gal)	Existing Monthly Bill	Monthly Bill After Rate Increase	Increase in Monthly Bill
1,000	\$19.27	\$22.00	\$2.73
2,000	\$22.30	\$25.60	\$3.30
3,000	\$28.36	\$32.80	\$4.44
4,000	\$34.42	\$40.00	\$5.58
6,000	\$48.59	\$55.37	\$6.78
8,000	\$63.45	\$71.07	\$7.62
10,000	\$79.23	\$88.03	\$8.80
20,000	\$159.73	\$175.03	\$15.30
30,000	\$240.23	\$262.03	\$21.80
50,000	\$401.23	\$436.03	\$34.80

As noted, the new rate increases were effective Jan and will be reflected in January water bills. In review the utility needs, sewer rate increases were also identified but in light of the significant increase in water rate Council elected at this time not to increase sewer rates

Your Help is Needed!

The Chamber Annual Membership Dinner Committee needs your help!

Silent Auction Items

The Silent Auction is a fun way to help raise funds for your De Soto Chamber of Commerce so that membership dues and service fees are kept to a minimum. This allows the organization to also increase services to the members. We pride ourselves in having some of the most affordable services around, and in order to keep these benefits for our members, donation items are needed.

What kinds of items can I donate? The sky is the limit! We accept gift cards, sports tickets, hotel pack memorabilia, gift baskets or anything that will generate funds. Many of our members have contacts that they can reach out to in order to secure items.

Members having items to donate can contact the Chamber Office at 913-831-585 to arrange for a pickup or to drop items off at the Chamber. Deadline to donate items is Monday, January 18.

Wine Pull

Back by popular demand! In 2015, by popular demand, the Chamber sold all 50 wine corks and some members took home some fantastic wine, too!

The Committee has a goal to sell 100 wine corks this year. Members are asked to donate bottles of wine with a minimum value of at least \$15. We also need medium to high ranges of wine (up to \$100).

If you are able to donate wine, please contact the Chamber Office as soon as possible so that we can track donations. Bottles should be collected no later than January 18.

For more information or to make a donation, please contact the Chamber at 913-831-585. The Chamber Annual Dinner Committee thanks you!

Five USD 232 Seniors Nominated to U.S. Military Academies

Representative Kevin Yoder (RS) nominated five USD 232 students to three of the five U.S. Service Academies for class entering 2016. After receiving their nominations, the applicants must now meet the requirements of each Service Academy to be considered for appointment. Ultimately, the Academies make the final decision on who receives an appointment of admission.

Yoder made the nominations of the following outstanding Kansans from the 3rd Congressional District very well represented. These young men and women are our future and I wish them well as they seek an appointment to one of the academies.

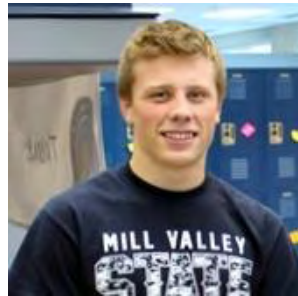

Kaitlyn Moore, Mill Valley High School is nominated to the United States Air Force Academy in Colorado.

Rex Templin, De Soto High School, is nominated to the United States Naval Academy in Maryland. Templin is also nominated to the United States Air Force Academy in Colorado.

Brenden Shutt, Mill Valley High School, is nominated to the United States Military Academy West Point in New York.

Ryan Anderson, Mill Valley High School, is nominated to the United States Military Academy West Point in New York.

Travis Hodge, De Soto High School, is nominated to the United States Military Academy West Point in New York.

*Congratulations to these
fantastic students
on their nominations!*

USD #232 Update
by Alvie Cater

The Pursuit of Excellence
Learn more about our Big Ideas

The Board of Education in July 2015 renewed a focus on The Pursuit of Excellence and dedication to serving Children First. Through the process the district participated in discussions regarding the need and purpose for characteristics of a school district we all desire, building trust and confidence. Doing the Right Things. As part of its commitment to Continuous Improvement the Board and administration intend to make further improvements in the district with a focus on student learning opportunities. We have identified these notable advancements as

Big Idea #1 - Special Programming The school district will begin a process to explore possible learning opportunities to reflect contemporary areas of study. Special programming, if implemented, would not only provide more opportunities for students, but would also help provide voluntary choice in senior high school attendance through program-based transfers to De Soto High School. The district would seek to address programming at Mill Valley High School.

A quick study of surrounding school systems in Johnson County reveals our students should have similar learning opportunities. Existing special programs in our area can be found in the Blue Valley School District (Century Advanced Professional Studies), Olathe School District (21st Century High School Programs), and Shawnee Mission School District (Signature High School Programs).

While the process is being identified, USD 232 will seek input from a variety of stakeholders to develop a program that could integrate multiple subject areas and program interests to students across all grade levels. Simply put, we want to look at what we provide and Think Outside the Box.

Big Idea #2 - Rebranding the School District We also want to develop a school/community process to create a Shared Vision or Theme. The Pursuit of Excellence will only be successful with a shared vision to focus on students, teamwork and passion to do our best. This will become a vision we can all support.

The rebranding process is also designed to increase unity of the school district and to build a school system for the future. Vibrant communities from four cities make up our school district: De Soto, Shawnee, Lenexa, and Olathe. We are an area of 100+ square miles of Johnson County.

At times in our history, we have seen ourselves as a district of schools instead of a school district. The rebranding process could also include a new logo and a new common name identity to reflect all communities within the district designed to pay tribute to our past while looking forward to our exciting future.

The legal name of the school district will never change. Unified School District No. 232, Johnson County, State of Kansas. We are committed to the same committed business of serving students and preparing them to be successful in life. Our district currently "De Soto School District." (We would not change the names of any schools.) With the purpose of our school district, we are considering a new common name representative of all areas within the district.

We need and want our communities to help us continue moving forward in the right direction. Our online form to submit your ideas for special programming and suggestions on a possible common name to reflect our communities and a school district for the future.

Those are the two big ideas. It is a process that will take time to develop and discuss. Thank you for helping to build a unified community, dedicated (together) to serving Children First. Learn more >> www.usd232.org

De Soto Chamber of Commerce Luncheon
